\*If a Parkside debit card transaction occurs, an ACH transaction occurs, you write a check, you perform a transaction by any other electronic means, or you take other action that results in your account becoming overdrawn, Parkside may pay the item which exceeds the available balance, as defined in the Membership Agreement, in your account up to \$500, including fees. If at any time the limit has been reached, items that exceed the limit will be returned unpaid and you will incur a non-sufficient funds fee (NSF). Accounts are subject to closure if a negative balance remains after 45 business days. Whether or not the overdraft will be paid is discretionary and Parkside reserves the right not to pay. For example, Parkside typically does not pay overdrafts if your account is not in good standing, you are not making regular deposits, or if you have too many overdrafts. Your account may become eligible for Courtesy Pay after the account has been open for a minimum of 90 days.
